WHO WE ARE

Y- Accel is the startup-scaling unit of Yuva, E- cell of Shaheed Sukhdev College of Business Studies, Delhi University.

At Yuva SSCBS, we believe that the entrepreneurial community is an integral part of fostering growth for startups. We want to help college students start their own ventures, and above all, to empower the next generation of entrepreneurs, so that they can set an example for the generations to come.

Keeping that in mind, we developed our Accelerator unit, Y Accel, in combination with SIIF to give wings to the revolutionary ideas which just may change the way people live.

WHAT WE DO

Our goal at Y Accel is to promote the growth of small scale startups and facilitate their integration into the startup ecosystem by leveraging our position as the E Cell of SSCBS and our partnership with SIIF.

We help startups prepare for incubation and funding, all the while equipping our team members with the necessary know how to become serial entrepreneurs.

We are associating with mentors, angel investors, and investor organizations for providing the required support.

We are supporting students with startup ideas and those with actual startups to scale from 0 to 1 by providing Mentoring support, Incubation support, Ancillary services, and Fundraising.

WHAT WE OFFER
